Preparatory Courses

For Czech language courses and Preparatory courses, please visit the website of the Institute for Language and Preparatory Studies or the Institute of Czech Studies.

Faculty of Humanities offers a preparatory e-learning course for applicants interested in a bachelor’s programme Liberal Arts and Humanities. Find more details here.

Premedical programmes

Premedical programmes are preparatory courses designed to maximize your chance of passing the entrance examination through intensive study of the three core subjects: biology, chemistry and physics; along with English and the basics of Czech.

- Medicine in English Pre-Programme (Institute for Language and Preparatory Studies in Poděbrady)
- Premedical course (Third Faculty of Medicine in Prague)
- Medicine and Science in Czech (Institute for Language and Preparatory Studies in Mariánské Lázně)
