INTRODUCTION

This document is intended for Sylff institutions that have opted to pursue a new financial scheme (called the “Sylff Fellowship Program”) under which the Tokyo Foundation—rather than the Sylff institution—is responsible for endowment management. It contains practical information and provides guidance for the efficient and effective operation of the Program. (Questions and comments should be addressed to the Leadership Development section of the Tokyo Foundation, which is responsible for the overall management of both the “new” Sylff Fellowship Program and the existing Sylff Program. Contact information is provided at the end of the document.)

I. AIMS

The Sylff Fellowship Program inherits the philosophy of the Ryoichi Sasakawa Young Leaders Fellowship Fund (Sylff), under which endowments have been presented to universities and consortia worldwide by the Nippon Foundation since 1987. The endowments have been invested by the Sylff institutions to generate income, out of which fellowships have been provided to postgraduate students conducting research in the humanities and social sciences. These fellowships were aimed at nurturing leaders capable of transcending differences—geographical, political, cultural, ethnic, and religious—and proactively addressing both global challenges and issues in the local community.

Sylff is an outgrowth of the philanthropic activities of the late Ryoichi Sasakawa, founder of the Nippon Foundation.

Under the new financial scheme, each Sylff institution no longer needs to undertake endowment management. Instead, the Nippon Foundation provides the Tokyo Foundation with funds that the Tokyo Foundation invests to award Sylff fellowships directly to students. While the new Sylff Fellowship Program is financed differently, it will be administered in accordance with the same Sylff values and aims.

One hallmark of the new Program is the commitment each Sylff institution is asked to make in achieving the Program’s goals, that is, to identify and nurture future leaders in various fields who can make a positive impact on society. Network building is encouraged among the Sylff institutions and fellows, as well as cooperation and collaboration with non-Sylff organizations and individuals.
II. STRUCTURE

The Sylff Fellowship Program is a collaborative undertaking among the following organizations:

The Nippon Foundation

The Nippon Foundation is the founder of the Sylff. The Foundation was established in 1962 to contribute to maritime development, support domestic social welfare and volunteer initiatives, and promote international cooperation with a focus on improving basic human needs, developing human resources, and encouraging international collaboration.

The Tokyo Foundation

The Tokyo Foundation provides Sylff fellowships under the new financial scheme and is responsible for overall program management, including:

1. Collaboration with the Steering Committees of Sylff institutions in selecting fellowship recipients and providing Sylff fellowships
2. Assistance with Sylff fellows’ research activities and encouragement of network building through additional support programs and other initiatives

Sylff Institutions (Sylff Steering Committees)

A Sylff institution operates the Sylff Fellowship Program through a Sylff Steering Committee, consisting of a chairperson and committee members. The Steering Committee is responsible for sound program operations at each institution, including:

1. Operation of the Sylff Fellowship Program (see Section III)
2. Reporting to and communicating with the Tokyo Foundation on the status of program operations (see Section III)
3. Cooperation and collaboration with the Tokyo Foundation on various Sylff-related programs and activities

III. OPERATIONS

1. Basic Documents

There are two basic documents: an Agreement between the Tokyo Foundation and each Sylff institution and a Memorandum of Understanding between the Tokyo
Foundation and individual fellowship recipients.

(1) Agreement

The Agreement stipulates that Sylff fellowships will be provided annually for five consecutive years to students at Sylff institutions. Upon fulfillment of the responsibilities specified in “2. Program Administration” below, the Agreement shall—at the end of the five-year period—be renewed for five additional years.

The Agreement shall include the following information:

(a) Name of Program at Each Institution
Each Sylff institution may use its own name for the Program, as long as it contains the word “Sylff.”

(b) Eligibility
Fellowships are awarded to outstanding postgraduate students enrolled in degree programs who demonstrate high potential for leadership at the local, national, regional, and international levels in their private and public lives.

(c) Research Areas
Fellowships are provided to students whose research area falls within the parameters of the social sciences or humanities. Recognizing the growing tendency toward inter- and multi-disciplinary approaches, students will be eligible for Sylff fellowships if they approach multi-disciplinary research themes from a social science or humanities perspective.

(d) Fellowship Amount per Institution
To ensure that institutions are able to implement the Program without interruption, the Agreement specifies the maximum total fellowship amount per institution (the same for all institutions) over each of the five-year term.

(e) Fellowship Amount per Student
The amount of fellowship per student at a Sylff institution shall be agreed upon annually in writing based on consultation between the Sylff institution and foundation. Please refer to “Budget” in 2-(1) of page 6 for details.

(2) Memorandum of Understanding

A Memorandum of Understanding (MOU) will be signed between the Foundation and
individual recipients before fellowships are disbursed.

2. Program Administration

The Sylff Steering Committee is responsible for (1) submitting an annual budget and program schedule to the Tokyo Foundation, (2) announcing a call for applications and sending a list of nominees to the Tokyo Foundation, (3) implementing an orientation program for and maintaining communication with fellows, and (4) submitting an Annual Program Report to the Foundation.

(1) Annual Budget and Program Schedule

Before announcing a call for applications, the Steering Committee is asked to submit a budget and program schedule for the coming year to the Foundation early enough so that an agreement can be reached between the Steering Committee and the Foundation.

Budget

The budget should include information on: (1) the amount of fellowship to be awarded per student, (2) total number of fellowships, and (3) anticipated numbers of new and renewal recipients, respectively. Sylff fellowships are intended to enable the best and brightest students to commit themselves fully to their field of research. The amount of the fellowship per student should be determined in a reasonable manner by the Sylff Steering Committee in accordance with this intent. It should be comparable to that offered by other prestigious scholarship and fellowship programs.

Program Schedule

The program schedule should include dates for: (1) announcement, (2) screening of applicants, (3) nomination of candidates to the Foundation, (4) (preferred date for) notification of the Foundation’s decision, and (5) (preferred date for) disbursement of fellowships to individual fellows.

(2) Announcement and Screening

The process of screening fellowship applicants must be open and transparent. The Sylff Steering Committee should announce a call for applications in ways that are readily accessible to eligible students using posters, fliers, websites, institutional and local
newsletters, and other means, and screen applicants on a competitive basis. The name “Sylff” and the Program’s mission should be mentioned in the announcements. The Steering Committee is also asked to inform applicants that all official documents, including the Memorandum of Understanding (III-1-(2)) and Sylff Fellowship Report (III-2-(4)), will be in English. Applicants should be screened on the basis of academic excellence and leadership potential. Each institution may use its own criteria in selecting nominees.

Once the nominees are selected, the Sylff Steering Committee should send a “List of Fellowship Nominees” (Attachment 1) and “Profiles of Nominees” (Attachment 2) to the Foundation. The Foundation will review the documents and make a final selection, notify the outcome of its decision to the Steering Committee and individual nominees, and disburse the fellowships directly to successful candidates. The number of recipients will be dictated by the maximum amount of fellowships allocated to each institution and the amount to be awarded to individual recipients, as set forth in the Agreement.

(Note) The Steering Committee may nominate candidates to whom fellowships are committed for more than one year (up to three years, unless otherwise agreed upon between the Foundation and the institution). The Steering Committee is requested to report on such fellows’ progress each year, using the form for the Profiles of Nominees (Attachment 2). Once the report is approved by the Foundation, an MOU will be signed between the fellow and Foundation for the renewal of the fellowship (for the second or third year). In other words, an MOU shall be signed for each year that a fellowship is awarded. The Steering Committee is kindly requested to promptly notify the Foundation in case a fellow is no longer able to renew his/her fellowship.

(3) Orientation and Follow-up

Once the new Sylff fellows are selected, they should be fully informed of Sylff’s mission and framework, as well as of the additional support programs available to them. To facilitate their understanding, the Steering Committee should implement an orientation program and carry out follow-up communication activities. Steering Committee members are encouraged to keep abreast of the latest administrative initiatives by visiting the Sylff website at www.tokyofoundation.org/sylff.

(4) Reporting

Annual reports should be submitted by both the Steering Committee and individual fellows.
All Sylff institutions are required to submit an “Annual Program Report” (Attachment 3) within three months of the end of each academic year.

All Sylff fellows are requested to submit a “Sylff Fellowship Report” within 30 days of the completion of the Sylff fellowship period in accordance with Section 3-Final Report of the Memorandum of Understanding (Attachment 4).

(5) Administrative Expenses

If administrative expenses are needed to undertake the above three responsibilities, the Foundation will provide administrative fees. The maximum amount of administrative fee is specified in the Agreement.

(6) Language of Documentation

As mentioned in III-2-(2), all documents exchanged between the fellow and the Foundation will be in English, including the Memorandum of Understanding and the Sylff Fellowship Report. The Steering Committee is kindly requested to provide appropriate assistance in case the English-language skills of a fellow are inadequate to fulfill these documentation requirements.

V. REVISION OF AGREEMENT

If a Sylff institution wishes to revise the scope of eligibility (type of student, research area, etc.) as stipulated in the Agreement, the institution may propose an “Amendment” to be signed by the Tokyo Foundation and the Sylff institution.
