
CU ID Cards

What are the ID cards used for?

Charles University ID cards indicate affiliation with the university, a faculty, or another unit, through the university's name and its emblem with a hologram. They take the form of a chip card equipped with personal information, a barcode, a photo, a signature strip, and are color-coded according to the type of card.

Where to get the ID card?

ID cards are issued at our distribution centers, where we will issue your card on the spot after verifying your identity. You can [choose from several types of cards](#).

At the distribution centers, you will also receive a password for the [Central Authentication Service \(CAS\)](#) along with your card, which you can use to log in to the Student Information System and other services.
