# Fulbright Commission

---

Fulbright Commission Scholarships for study and research stays in the USA are intended for **students who have completed a bachelor's degree**.

The Fulbright Commission is a non-profit organization that has been operating in the Czech Republic since 1991. It was established based on a bilateral agreement between the Czech and U.S. governments, with all funding provided by contributions from both sides.

All programs offered by the Commission are individual. **Applications are submitted by individuals from all fields of study.** The main selection criteria are the quality of the applicant and their project. Preference is given to candidates who have not previously had the opportunity to stay in the U.S. for an extended period.

## Main Types of Educational Programs

- Fulbright Scholarship for Graduate Study in the USA
- Fulbright Grant for Researchers and Lecturers in the USA
- Fulbright Teacher Exchange Program for Secondary School Educators
