# Diploma Recognition

---

## **a) Recognition of secondary and higher foreign education for applicants to study programmes at Charles University (CU)**

Recognition of foreign secondary education and higher education for the purposes of the admission procedure - **for applicants to study programmes at Charles University only**

This recognition is valid only for the purposes of admission procedure

The previous foreign education is assessed directly by the student's chosen faculty

With the entry into force of the amendment to the Higher Education Act, **International Baccalaureate (IB)** diplomas are excluded under the conditions set out in Section 48(4)(c) of the amendment to the Higher Education Act from the category of foreign secondary school documents that are assessed during the admission procedure and for which an assessment fee is collected. If applicants choose the option of proving the fulfilment of the admission requirement by submitting an IB diploma after 1 March 2025, the document will be automatically accepted by the faculty in the admission procedure without an assessment fee being charged.

Information

Forms of verification by the country

Further information **including contacts and deadlines for submitting documents** of previous foreign education to your chosen faculty can be found at the faculty website.

## **b) General recognition of foreign higher (university) education - processed by Charles University**
